2. Webinar and Workshop Agendas
**Wetland Assessment Methods in the Northeast**

**NEBAWWG Webinar Series**

NEIWPCC will be hosting a series of webinar sessions on wetland assessment strategies that have been developed in the Northeast Region. Each webinar will be 1-1 ½ hrs. The following States and Federal agencies will be presenting: New Hampshire, Rhode Island, Maine, Massachusetts, Vermont, and USFWS. These sessions will provide the background information for a field demonstration workshop that will be held May 16-18, 2012, in Newburyport, MA (registration will open in March).

Each presentation will include: a description of the purpose and overall strategy for monitoring and wetlands assessment, training on the assessment methodology (GIS and/or field components), an overview of data management and analysis, and current/intended uses of the data.

**NEBAWWG Webinar Schedule 2012**
